Our Message to the Members

World Federalists,

We would like to thank you for your support in 2018. We raised a total of **\$49k** and spent a total of **\$40k** in 2018. By the end of the year we were left with **\$12k** in funds. We had a total of **30 members**, **2 organizational members**, and **2 anonymous donors**. This leaves us with 4-6 months of funding; *not including new funds that may be raised over of the year.*

Due to the possibility the organization may face a large deficit in 2019, we will be reviewing the budget by the 4th month of the year and update all our membership on the financial status of the organization. This means we will be focusing the bulk of our resources and energy on fundraising to generate long-term funds to operate the organization over the next few years.

If you have any questions, please remember that you can email me at dwf_admin@dwfed.org.

Best regards,

Etienne Bowie

Administrative Director | Democratic World Federalists

Facilities and Equipment	8,118.22
Operations	5,631.85
Other Types of Expenses	1,030.75
Payroll Expenses	23,000.00
Travel and Meetings	3,564.48
<i>Total Expenditures</i>	<i>41,494.17</i>
Net Operating Revenue	-18,604.68
Net Revenue	-18,604.68

The San Francisco Promise

This year we introduced the San Francisco Promise (SFP) project this year. The SFP is a DWFED program focused on promoting, lobbying, and researching United Nation reform through charter review.

Please review the webpage at:

dwfed.org/the-san-francisco-promise

We also created a video on YouTube:

[Youtu.be/qZhrrM4RF8](https://youtu.be/qZhrrM4RF8)

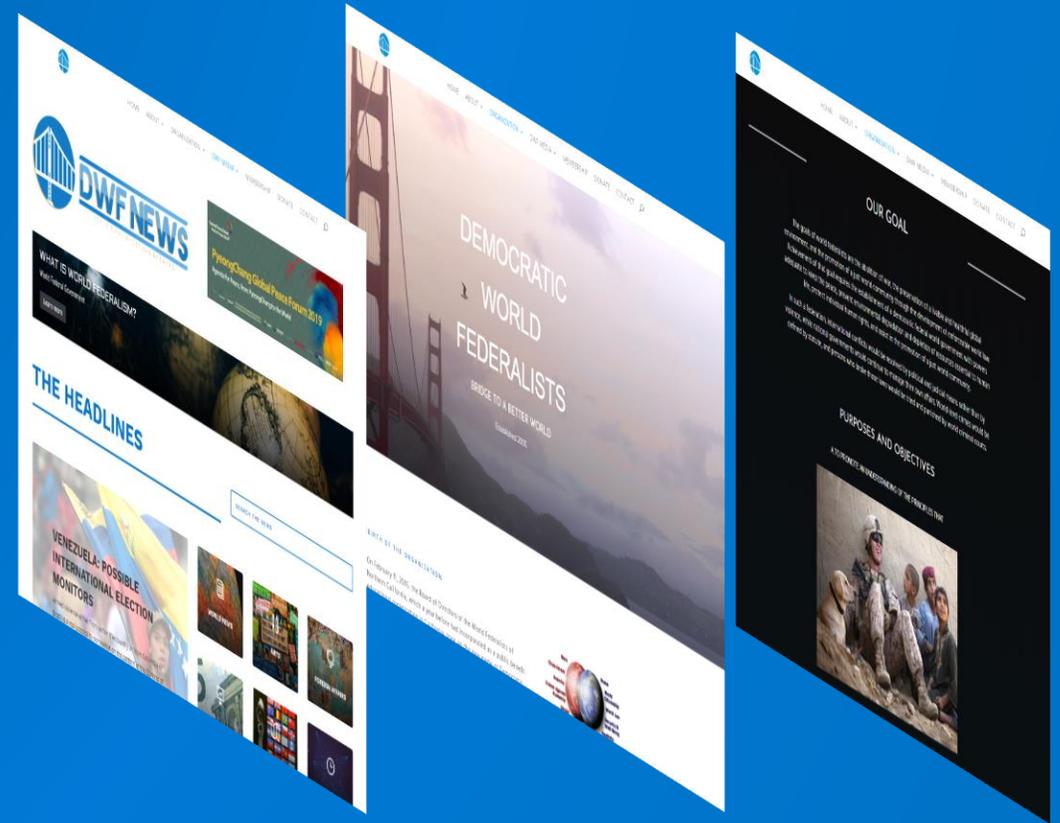

We are currently working on a video series that will educate and inform our members on the status of the project. You can expect an update by the end of Q2 2019.

Redeveloping the Website

In the beginning of last year, the Democratic World Federalists (DWFED) website was shutdown, due to our hosting servicer company closing. When this happened the website and all of our data was deleted permanently.

Though this was a very expensive project for our organization (\$3500). We were given the opportunity to update our website infrastructure and find a more dependable and long-term web-hosting provider. We project that we will reach 700-1000 users per month and 8000-12000 by the end of the year.

DWF News Network

We put more effort into our YouTube content this year by introducing the DWF News Network to the public. The DWF News Network is a news talk show hosted by our administrative director, Etienne Bowie. We usually produce two 15-30 minute episodes per month. Right now, these videos are being produced as a contribution to the organization. The hope is that this will help us generate more funds for other projects and grow our audience around the world.

We believe YouTube and videos are an affective medium to promote World Federalism and better educate the public of the benefits of such an global governance system.

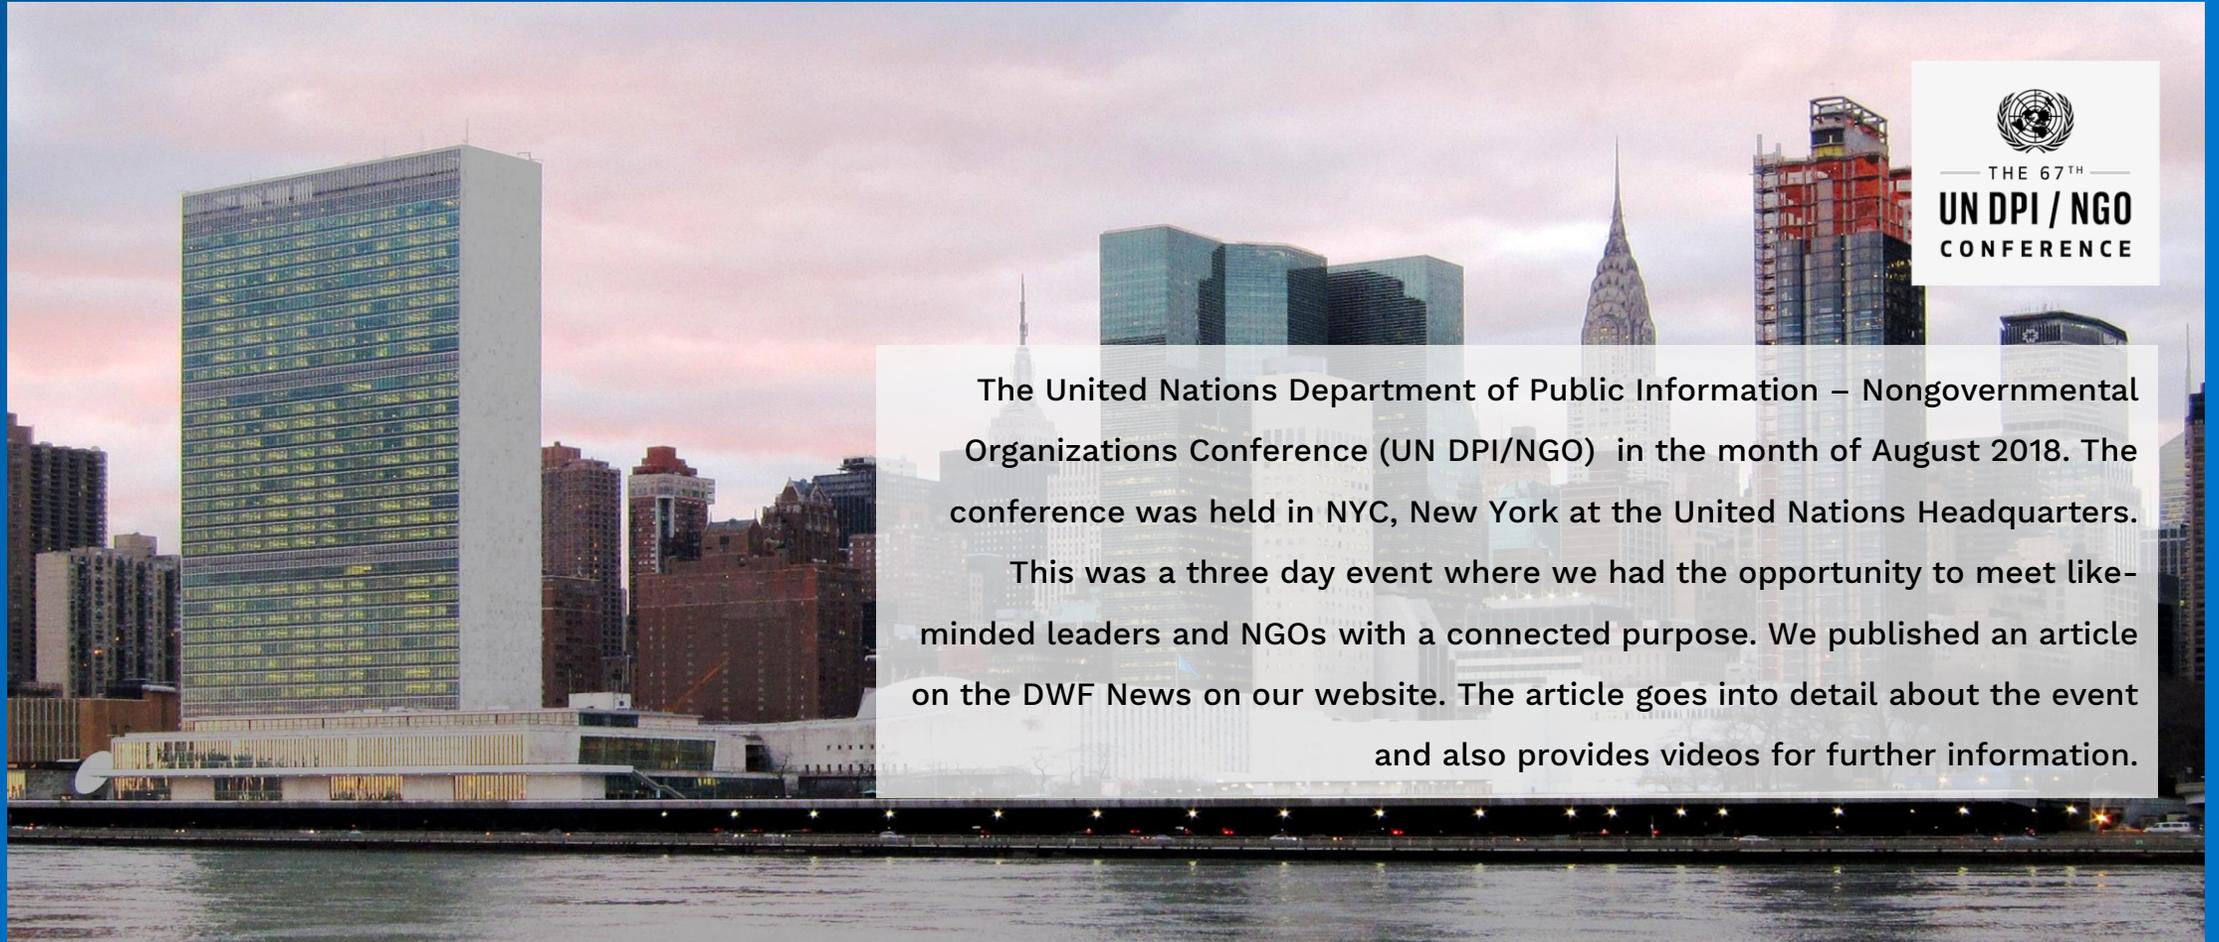

ASEAN Organization Meeting

(October 8, 2018) The DWFED was invited to participate in a program sponsored by the U.S. Department of State International Visitors – ASEAN Security Challenges. We were invited to this program by the Global Ties San Francisco – International Exchange organization.

The purpose of the program was to discuss the Association of Southeastern Asian Nations (ASEANs) representatives' perspectives on how multilateralism and the collaborative efforts of international organizations, global governance bodies and networks of civil society organizations can address international security challenges.

2018 UN DPI/NGO Conference

— THE 67TH —
UN DPI / NGO
CONFERENCE

The United Nations Department of Public Information – Nongovernmental Organizations Conference (UN DPI/NGO) in the month of August 2018. The conference was held in NYC, New York at the United Nations Headquarters.

This was a three day event where we had the opportunity to meet like-minded leaders and NGOs with a connected purpose. We published an article on the DWF News on our website. The article goes into detail about the event and also provides videos for further information.

Paris Peace Forum 2018

In November, the DWFED and Center for United Nations Constitutional Research (CUNCR) sent representatives to the Paris Peace Forum in Paris, France to promote the **San Francisco Promise**. Our delegation had representatives from Europe, the US, Asia, South America, and Africa. There were world leaders from all around the world (i.e. Pres. Macron, Chancellor Merkel) and many different topics were discussed at the event from climate change, the global economy, NATO, and multilateralism.

We are still discussing if we will send a second delegation to the Peace Forum in 2019. If we do choose to participate in the event then we may provide more marketing material and produce a higher quality video for the event.

We will likely talk about the SF Promise again, but we are hoping if we build up more interests before the event then it will be easier to pull in political VIPs and build stronger relationships going into the future.

Fundraising and Grants

In “our message to the members” we explained that due to an expected budget deficit in 2019, we will redistribute our resources to focus on fundraising and applying for grants. This may put a temporary hold on all other non-essential projects including; the DWF Store, Booklist, visionaries webpage, and other smaller projects.

It is our hope that the effort towards fundraising in 2019, will allow are organization to build the funds to do more creative and daring projects.

We ask you as members to tell friends and others about our efforts. Speak with younger people about World Federalism and tell them about our website. I you would like to put together a fundraising event at your home or property, please contact our administrative director.

Also, if you would like to provide your own fundraising knowledge or experience then we would be interested.

Contact email: dwf_admin@dwfed.org

World Federalism Videos

We will be working with the **World Service Authority** to develop and produce a series of short videos focused on explaining world federalism. The series will focus on three core topics:

- **Democratic World Federalism**
- **World Federal Government**
- **Solving Global Problems**

These videos will be 3-5 minutes long each and the first video will debut on around the summer of 2019.

After we complete the video production, we will share the video with like-minded organizations and politicians. The goal is to get the videos out to the public and at the same time draw interest from political leaders. This will be one of our major projects going into 2019.

Contact email: dwf_admin@dwfed.org

Community and Youth Outreach

In 2019, we will be participating in several events and activities involving world federalism and global governance. We may also be involved in developing youth programs involving world federation and global governance models. Please stay tuned for updates about the important outreach projects that we will be involved in. If you would like us to speak to your class, organization, membership, or community, please contact us. **Learn more below.**
